## 2. Kharghar Station and Belapur CBD Station

Building on the momentum from their initial activities, the dental task force extended their outreach to Kharghar Station and Belapur CBD Station. Here, the focus was on engaging autorickshaw drivers, a group particularly vulnerable to tobacco use due to their stressful working conditions. The dental task force continued with street plays and offered health screenings and personalized counselling sessions. These efforts addressed the specific needs and challenges faced by auto rickshaw drivers, making the campaign highly effective. The counselling sessions included discussions on the benefits of quitting tobacco, practical tips for cessation, and resources for ongoing support.
