Best practices 1

TITLE: FREE DENTAL CAMPS IN TALOJA JAIL

OBJECTIVES

- Provide counselling for tobacco cessation, and finding the most common oral health issues in jail.
- To understand and evaluate the oral health problems of communities and engage in community-based practises.

PRACTICE

- Multiple outreach activities are conducted for them like health talks to brief about maintenance of oral health, cessation of tobacco habits .

CHALLENGES

- Limited people are allowed for dental camp.
- Follow up is sometimes difficult
- Due to lack of exposure to outer world and limited supply, oral hygiene is difficult to be maintained and so regular check-ups in jail is limited.
- Transporting them, to institute for invasive treatment is difficult due to security issues.

IMPACT-

- Camps were effective in increasing oral health awareness as well as cessation of tobacco habits in jail setting as they were underprivileged section of the community.
- Reduction in the oral diseases in jail inmates due to weekly visits.

EVIDENCE OF SUCCESS-

Interim success can be evaluated by the regular follow up of the dental camps in jails and number of patients accessed for the oral hygiene and tobacco related lesions..

BEST PRACTICE 2

Title: INSTITUTIONAL CASE MEET

CONTEXT: YMTDC has a constant endeavor to empower their every student to understand the diagnosis and apply treatment protocols bearing in mind the complete wellbeing of the patients.

PRACTICE: As part of this initiative, at YMTDCH Institutional case meet are conducted on a regular basis.

At YMT Dental College and Hospital, case discussions are integral to the curriculum, focusing on presenting diverse dental cases within specific disciplines. Students delve deeply into clinical and radiographic diagnoses, alongside exploring tailored treatment options. Supervised by department heads, postgraduate mentors, and faculty, these sessions foster experiential learning. This collaborative approach across all dental disciplines at YMTDCH underscores the institution's commitment to fostering a culture of learning, teaching, and advancing patient care outcomes.

IMPACT- The program also includes constructive feedback, open communications, in depth discussions and critical analysis to uplift the student to reach great standards of diagnosis and management protocols.

EVIDENCE OF SUCCESS: The institutional case meets encouraged learning of all aspects of dentistry and improved the understanding of all dental specialties and enabled the clinicians to provide a holistic treatment.

CHALLENGES:

1. Scheduling of institutional meets was difficult in terms of checking availability of all staff members and postgraduate students.

DATE: 29th January 2024

VENUE: Lecture Hall No 3

NUMBER OF PARTICIPANTS:

PG STUDENTS 53

FACULTY 23

SUMMARY - On January 29, 2024, at Dr. G. D. Pol Foundation Y. M. T. Dental College and Hospital, the Interdisciplinary Case Presentation Meet showcased the theme 'Interdisciplinary Approach of Peripheral Odontogenic Fibroma.'

Dr. Rutuja Wavre, a postgraduate in Oral medicine and Maxillofacial radiology, covered the lesion's diagnostic aspects. Dr. Sneha Jethwani, from the Department of Periodontics, explored the periodontal aspect, while Dr. Srishti Talkar, a postgraduate in oral pathology and microbiology, highlighted the histopathological aspects.

Distinguished panelists, including Dr. Sangeeta Patankar (Professor and Head of Department- Oral pathology and microbiology), Dr. Deepa Das (Professor and Head of Department- Oral Medicine and Maxillofacial Radiology), and Dr. Rizwan Sanadi (Professor- Department of Periodontics), guided the audience through diagnostic and treatment protocols. The event was attended by Department Heads, Faculty members, and Post Graduates.

Agenda –

The agenda for Institutional evidence based case meet was:

1. To enable undergraduates and postgraduate students to assess the case completely
2. To formulate treatment protocols with a holistic approach
