ANNUAL REPORT (2021-2022)

Dr.G.D.Pol Foundation Y.M.T Dental College & Hospital has successfully completed 22 years in imparting value education and has a notable contribution in the field of dental health care. The academic and extension activities developed are aimed at fulfilling the vision and mission of YMTDC. The main objective is to inculcate knowledge and enhance skill among students, along with ethics, compassion and social responsibilities.

YMTDC was started in the year 2000 with an aim to be the most sought after dental institution in Maharashtra, providing education, infrastructure and treatment facilities to students and patients. The annual intake of 100 students was underway in the undergraduate program. The postgraduate program was started from 2005 in 5 specialty courses initially and by 2010 added 3 more specialities. The undergraduate and post graduate programs along with the certification and PhD courses are affiliated to MUHS, and recognised by the Dental Council of India.

During the second wave of the COVID Pandemic, lectures for students continued to be online and hybrid mode. From the month of February 2022, the lectures shifted to offline mode completely.

ADMISSIONS:

The undergraduate & postgraduate admissions take place through the All India NEET UG & PG exam and centralised counselling. During this year, the total number of admissions for BDS program was 100 and for MDS, it was 32. Due consideration was also given to equality and inclusiveness by providing reservation of seats to all categories as dictated by the Government of India. In this academic year, 65 students were admitted in the reserved category including 20 in the SC category, 4 in ST, 19 from OBC and remaining in the category for others. In this academic year, all enrolled students were from the state of Maharashtra.

The number of students who appeared for the final BDS & MDS exam were 114 of which 11 passed. The academic year started in the month of August. YMTDC has 600 students and 133 teaching faculty.
